

Professional Experience, Education & Certifications

Experience

Virtual Robot Simulator

Project Team Lead (Part-time)

Jun 2025 – Present · Remote · Cedar Park, Texas

- Contributed to development of a VEX-focused robotics simulation platform expanding the original FTC-based VRS system.
- Developed simulation and tooling features for virtual robot testing and debugging workflows.
- Worked on modular CAD libraries and simulation infrastructure.
- Collaborated with software, UX, and firmware teams to improve platform performance.
- Contributed to a platform serving 50,000+ monthly users.

Skills: *Technical Project Leadership, React Native, Simulation Infrastructure, CAD Libraries, Full-Stack Development*

Virtual Robot Simulator

Summer Intern

May 2025 – Jun 2025 · Remote

- Contributed across software, CAD, testing, and documentation workflows.
- Debugged robotics codebases to improve simulator reliability.
- Assisted with CAD modeling and virtual robot design.
- Mentored FTC robotics teams on autonomous programming.

Skills: *HTML/CSS, SDKs, Robotics Simulation, CAD Modeling, React Native*

Round Rock High School Co-Op

Chief Executive Officer

May 2026 – Present · On-site

- Lead a student-run organization focused on business and engineering initiatives.
- Oversee operations, branding, and technical collaboration.
- Spearheading autonomous delivery initiatives integrating robotics and software.

Skills: *Team Leadership, Project Management, Entrepreneurship*

HallHop

Founder

Nov 2024 – Present · Self-employed

- Built a full-stack Chrome extension and Flask REST API for hall pass management.
- Improved API response performance by approximately 7×.
- Integrated Supabase with row-level security and JWT authentication.
- Supported onboarding for 4,000+ students.

Skills: *Flask, REST APIs, Supabase, JWT Authentication, Web Development*

Transforze

Software Engineer (Part-time)

Nov 2025 – Present · Remote · Cedar Park, Texas

- Developing an AI-native multi-tenant CRM platform.
- Building backend infrastructure using Supabase and PostgreSQL.
- Architecting scalable frontend systems with React Admin and TypeScript.

Skills: *PostgreSQL, Supabase, React Admin, TypeScript, AI Infrastructure*

LPL Financial

Machine Learning Intern

Jun 2024 – Sep 2024 · Remote · Austin, Texas

- Contributed to development of an AI-powered chatbot for financial services.
- Worked on conversational AI testing and optimization.

Skills: Machine Learning, Python, Conversational AI

Education

Round Rock High School

Aug 2023 – Mar 2027

Grade: Senior

Activities & Societies:

DECA • Mu Alpha Theta • Round Rock High School CO-OP • Cross Country • Student Council • National Spanish Honor Society • VEX Robotics

Academy:

Science, Technology, Engineering & Mathematics (STEM) and Business & Industry Academy

Relevant Coursework:

Advanced Computer Science I • AP Precalculus • Introduction to Engineering Design • Principles of Engineering • AP Seminar • TAG Advanced English II

Certifications

OSHA 10-Hour General Industry

CareerSafe

Issued Nov 2025

Skills: OSHA Compliance

Autodesk Certified User: Inventor

Certiport - A Pearson VUE Business

Issued Apr 2024

Credential ID: vuob-DTSK

Skills: Autodesk Inventor

Microsoft Office Specialist: Word Associate

Certiport - A Pearson VUE Business

Issued May 2023

Credential ID: HN4Y-XM8x

Skills: Microsoft Word

Microsoft Office Specialist: PowerPoint Associate

Certiport - A Pearson VUE Business

Issued May 2023

Credential ID: wvc55-FasK

Skills: Microsoft PowerPoint

Microsoft Office Specialist: Excel Associate

Certiport - A Pearson VUE Business

Issued May 2023

Credential ID: 6Fw3-uTLm

Skills: Microsoft Excel

Microsoft Office Specialist Certification

Certiport - A Pearson VUE Business

Issued May 2023

Credential ID: 9kmQ-sFpP

Skills: Microsoft Office
